GOLDEN KEY CLASS CLOSES A SUCCESSFUL YEAR

The last meeting of the Golden Key Class which organized last November into a Woman's Foreign Missionary Society was held at the home of Mrs. Clara Pagle Tuesday evening, June 1. A large number was present and a bountiful dinner was enjoyed.

At the business meeting which followed, officers for the next year were elected, namely: Mildred Adams, Pres; Lois Mac Kellar, Vice Pres; Florence Jensen Rec. Sec; Ernestine Pierce, Cor. Sec; Natalie Knapp, Ext. Sec; Louise Porter, M. box Sec; Irene Osmus, Treas; Alice Crawford, Soc. Div.

We all feel that we have closed a very successful year regardless of our late start.

During our meeting we have used a study book, "Prayer and Missions," which has proven a benefit.

The members of the organization have raised money for several phases of missionary work in as many ways, among them the play, "Tea Toper Tavern." The following monies have been raised and sent out during the year:

Building fund of M. E. Church, Farmington, \$150.

For scholarship in China and Montevideo, \$50.

For other missionary work, \$65.

We wish to take this opportunity to thank those who have given us their support this year and hope you will be as generous in the future.

M. A. Reynolds, Rec-Sec

CARD OF THANKS

The family of the late Isreal Markham wish to thank their many friends, relatives and neighbors for sympathy, kindness and floral offerings extended them in their recent sad bereavement in the death of their father.

His Children.

Erect and Decorate in a Jiffy

Speed up your new building—or remodeling job—by using Sheetrock, the fireproof wallboard. A standard building material—in broad, ceiling-high sheets ready to nail to joists or studs. Makes enduring walls and ceilings that can be immediately decorated. No waiting for walls to dry—no danger of freezing. Nothing better for winter building; dependable and economical at all seasons.

Because Sheetrock does not shrink, warp or bulge, and has a wonderfully even surface, you can use any decorative scheme. Satisfactory results are obtained with wallpaper, paint or calamine—with or without panels. Easy to erect—easy to decorate—never wears out.
