Children's Day of the Methodist Sunday School held last Sunday morning, was largely attended. Great masses of ponies, flowers and folks blanketed the choir loft and baskets of the same decorated the altar.

The program was given entirely by the young people and children including the offertory, prayer and various features.

The collection received was generous and is for the educational fund of the church, being used to help worthy students.

The success of the day is due largely to the committee chairman, Mrs. Fred Cook, general chairman; Mrs. Sayres Harger program, and Mrs. Fred Warner decorations.

STATE ACTION MAY BE TRAFFIC NEED

That the right to make the traffic laws of the State may have to be vested in the Legislature and not in every town and village of the State was foreseen by William Walters, Wayne County representative in the Legislature, at a meeting of the safety and traffic committee of the Detroit Automobile Club, says the Detroit News.

Mr. Walters stated that it was time Detroit and every other city in the State of Michigan adopted the uniform traffic law, such as is now before the council, and is sent on record as being in favor of the Legislature taking action if the towns and cities did not.

He pointed out that the right of a community to make its own laws was vested in the municipalities by the Legislature, but that the State body was the parent group and could act in such matters as it chose.

Mr. Walters says that in future years it might be advisable for the sake of uniformity, for the Legislature to pass basic acts that would be binding on cities and towns up to perhaps 100,000 in population, and that these communities be forced to accept such acts, without alteration. It was his opinion that a general law covering such communities could be drawn up and that this law be made basic even for the larger cities.

He stated that he could see no reason why every small community in the State should have a traffic code of its own that would serve to confuse motorists.

Howard D. Brown, attorney for the automobile club, told Mr. Walters that 149 cities and towns in the State have adopted the uniform law and believed that it would be statewide before the year is out.

"GREATER FARMINGTON" NOW ON THE MAP

Another enthusiastic meeting of the Greater Farmington Association was held at the Town Hall Tuesday evening when a report of the proceedings of the board of directors was read by the secretary.

The board asked that the membership of the board be increased from seven to fifteen members in order that all interests might be fully represented on it. Action was taken increasing the number.

A plat indicated the territory that the board thought advisable to be designated as "Greater Farmington" was presented for approval. After some discussion the boundaries were fixed as suggested by the board. "Greater Farmington" now extends to the west to within a half mile of the Novi town line, north a half mile north of the Eleven Mile road, east a half mile east of Switzer road and south a half mile south of the Base Line road. The city of Farmington is nearly in the center of the territory. The distance east and west is considerably greater than north and south, taking in much fine Grand River frontage.

The question of boundary having been settled active work will now commence on securing members. Representatives of several companies, individuals and corporations interested in real estate in the territory were present and pledged their support and financial aid in making the campaign to boost Greater Farmington a big success. It is estimated that the cost of advertising and other expense will be about \$2,000 a month. It is proposed to carry on an extensive campaign for the next seven months.

Funeral services for Miss Eva Smith who passed away at Ford Hospital, Monday, following a long illness, will be held this afternoon, Friday, from the home of her sister, Mrs. Harry Wolfe, West Point Park, at 2 o'clock and 3 o'clock from the Livonia Center Church, Rev. George Gulien officiating. Interment at Livonia Cemetery.

ENTERTAIN FOR BRIDE ELECT

Honoring their niece, Miss Dorothy Wexon; whose marriage to Alfred Smith of Farmington will be an event of next week, the Misses Ida and Zaida Steele, delightfully entertained at a linen shower at their home on Grand River avenue last Saturday afternoon. Twenty guests were present from Redford and Farmington and the bride-to-be was the recipient of many nice gifts.

At the close lovely refreshments were served by the hostesses.

BERKLEY CUREFW LAW TO BE PUT TO VOTE

A proposed Berkley curfew ordinance will be submitted to the vote of the people at the next village election. The ordinance contains the same penalty as the ordinance sponsored by the Berkley Woman's club but the commission changed the age limit.

The ordinance will provide a \$5 fine or two-day imprisonment for the parents or guardians of children under 16 (instead of 12 years) who are found on the streets of the village between 9:30 p. m. and 6 a. m.

Commissioner George W. Shank objected to a curfew law, saying that the laws defeat their own purpose. Of course, Shank remarked, a curfew is convenient. When you hear the bell you can set your alarm clock," he said.

Mrs. Fred Fry, representative of the Woman's club, convinced the commissioners, however, that there ought to be a bedtime signal.—Royal Oak Tribune.

LINEMAN IS KILLED

George Hawkins of Plymouth, was instantly killed and two companions slightly injured Monday afternoon, when a wire they were uncoiling came in contact with a power line, at Livonia Center.
