3 H.P. Light "Twin"
The most powerful light we at outboard motors--the 3 H.P. motor per H.P. Built with big bearings, the ELTO has more than double the bearing surface of other weight outboard motors which means stability and long service life with constant repair. Starts on first quarter turn because improved waterproof battery ignition gives big, hot spark independent of cranking speed. Lasts entire season and is trouble anywhere. No parts to be returned to factory for repair. 150 lbs. net weight. Underwater carburetor. Windless fuel controlling speed. The perfected motor of Ole Evinrude, pioneer designer of outboard motors. Sold only under the name "ELTO." Write for catalog. For Sale By
