

TO THE VOTERS OF FARMINGTON TOWNSHIP

A recent opinion from the Attorney General to the Township Board, informed us that we could no longer hold town meetings or elections in the Town Hall in the City of Farmington. This opinion came so late that it has been necessary to find a suitable place for elections satisfactory to all voters, in a very limited time.

At a joint meeting of the Township Committee and the Township Board on Tuesday evening, August 24, several places for holding elections were considered. There were several places near Farmington Junction offered, but that was within the territory of the second precinct. School houses cannot be used because school will be in session. Vacant houses which were available were without lights. It was then suggested that we accept the offer of the free use of the Glenoaks Golf Club house on the 13-Mile road near Orchard Lake road. The opinion that we use this place for the primary election was unanimous, even though some of the voters will have to travel four or five miles. By the time of the next election it is hoped that there will be a more centrally located place to hold the election for the first precinct.

First Precinct, Glenoaks Golf Club house.

Second Precinct, Clarenceville, Willard Campbell, Township Clerk.

An Ideal Vacation Land

Michigan is a playground for millions. Its wooded wilderness, rich in wild life and natural beauties, brings those who once enjoy it, back—and back again.

Heavy inroads are being made into this treasure land, by the DEMON FIRE.

Fire Can Destroy it!

The situation is very serious. It must be understood by all,—by our own people and by our visitors. A situation understood is half conquered. This destruction can be stopped by the combined efforts of all who use the forests.

Printed below are five important FIRE PREVENTION RULES, constantly practiced by all trained woodsmen. Study and apply these and pass them on to others. Education in the use of these methods will quickly overcome the carelessness which now causes so much loss.

How to Prevent Fires

1. Matches—Use sure your match is out. Break it in two before you throw it away.
2. Cigarettes—Be sure that pipe ashes and cigar or cigarette stubs are dead before throwing them away. Never throw them into brush, leaves, or needles.
3. Making Camp—Before building break camp until your fire is out. Never build it against trees or logs or near brush.
4. Breaking Camp—Never break camp until your fire is out. Never build it against trees or logs or near brush.
5. Brush Burning—Never burn brush or brush in windy weather or while there is the slightest danger that the fire will get away.
