I could have bought that piece of property a few years ago at a very low price and just look at what Mr. So and So got for it yesterday. I might just as well have had it as he.

We can show you properties that you can do the same thing on today if you will only act. Foresight puts more dollars in your pocket than hindsight.

Larger congregations, a bigger Sunday School and the young people are again organizing their forces to help the church. Altogether we are looking forward to a successful year's work.

The Ladies' Aid meet this week to plan their work for the support of the church during the coming year.

Moving pictures will be presented every Friday at 7:30, beginning this week and a good crowd is looked for. Exceptional care is being exercised in the choice of pictures of a high character.

An appeal to Clarenceville community for heavy support in our work has been made.

**GREAT YEARS IN THE NATION'S HISTORY**

Interesting things have happened in 1926. Commander Byrd in a Fokker airplane, circled the North Pole. Photographs taken in Europe were transmitted on radio waves to America, and published in newspapers a few hours later. Gertrude Ederle, daughter of a New York butcher, swam the English Channel one hour faster than any of the five men who had swum it before her.

Is anything interesting going to happen in 1927?

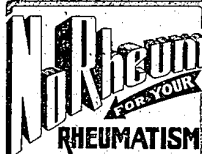

For one thing, the Youth's Companion on April 16, will celebrate its HUNDRETH BIRTHDAY. During 1927, the Companion will contain more interesting reading than ever before during its century of successful life. Consider what you will get for \$2.00: 52 issues, containing 9 book length serials, 260 short stories by the most popular authors, more than 100 special articles, a weekly section for ingenious boys, called the "Y. C. Lab," a thorough girls' department, and 52 pages for children. Also in each issue, an extensive survey of current events making it easy for you to follow the affairs of this busy world.
