

CLEVELAND RUSHES A PHOTOGRAPHER AND COP TO EVERY ACCIDENT

Traffic conditions are being effectively reduced at Cleveland, O., by a newly organized and unique homicide squad that is doing much to insure the safety of that city's streets.

The plan, which is being studied in other localities in the hope that by adopting its traffic fatalities elsewhere may be lowered, consists in maintaining a squad of trained investigators competent to secure evidence that will hold in court and fix blame on the person responsible for the accident.

Two police officers—a sergeant and a patrolman—comprise the

working crew. As soon as a traffic accident is reported these officers hurry to the scene in their Chevrolet used expressly for this purpose and secure all available data. One man is a skilled photographer and takes pictures of the scene from a number of different angles. The other carries a typewriter and makes out a complete report right on the spot.

The names of all parties to the accident are taken, as are those of all witnesses, and statements from everybody are typed. By getting statements immediately, as well as photographs to introduce into court at trial, the police have complete and accurate information on which to base a prosecution if anyone is shown to be at fault.

WEST FARMINGTON Mrs. Irvin Knapp Correspondent

EXTENSION GROUP TO MEET NEXT WEDNESDAY
The East Walled Lake group for extension work of Michigan State College, will meet October 19. The lesson will be on home management and nutrition.

Miss Dorethea Kurtz is leader for home management and Mrs. William Kurtz is leader for nutrition.

Mrs. Pitts of Park boulevard entertained the Blue Bird circle Tuesday afternoon. The next meeting will be at the home of Mrs. Charles.

Mr. and Mrs. Fred Menke and son Fred were Sunday dinner guests of Mr. and Mrs. Charles Parthum of Nottingham road, Grosse Pointe Park.

Mr. and Mrs. Willis Roberts are staying in Bay City for a week or so.

Mrs. Hubert Earle entertained twelve guests at a dinner Sunday.

CARD OF THANKS

The family of the late Henry Nacker desire to express their sincere thanks for your kind expressions of sympathy during their bereavement.

OAKLAND SIX TO HAVE \$3,000,000 ASSEMBLY PLANT AT PONTIAC

Another important step in the huge expansion program at the Oakland Motor Car Company which will provide the Oakland All-American Six with a new \$3,000,000 car assembly plant, duplicating the model assembly plant of the Pontiac Six, came this week when excavating started upon a spur track for railroad delivery of the thousands of tons of construction materials.

According to A. R. Clancy, president and general manager, the new plant will be finished and in operation by next spring. Its construction is the most ambitious expansion contemplated by the company since the completion early this year of a \$15,000,000 construction program which greatly extended the Oakland Six factories and erected for the exclusive manufacture of the Pontiac Six a complete \$12,000,000 group of buildings.

The new Oakland assembly building will be 540 feet in size, of two-story monitor type construction with basement. It will be entirely fire-proof, the building materials being steel, concrete and brick.

In addition to the new assembly and shipping buildings, the plans also call for an entire new enameling unit for the treatment of Oakland fenders and sheet metal. The Fisher Body Corporation power plant which now supplies Pontiac Six factories with steam and compressed air, will be enlarged to meet the additional requirements of the new Oakland assembly plant. This power plant enlargement alone will cost an additional \$210,000.

The simplest plan to provide a more or less permanent pasture of sweet clover is to permit the crop to go to seed. After several years the surface soil becomes so full of sweet clover seed that a volunteer crop appears each year. Fields of this kind, which have been in sweet clover continuously for 10 or more years, are not uncommon.

Most mothers of six children would have nerves and other fashionable ills if they had time.
