

1c SALE NOW ON AT THE SMITH STORE

WHAT A REXALL ONE CENT SALE IS

It is a sale where you buy an item at the regular price, then another item of the same kind for one cent. As an illustration: The standard price of Kleenex Dental Cream is 50c, you buy a tube at this price and by paying 1 cent more, or 51 cents, you get two tubes. Every article in this sale is a high class standard piece of merchandise, just the same as it's sold every day at the regular price.

This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full size package of high standard merchandise for 1 cent. It costs money to get new customers, but the sacrifice in profit is justified, knowing the goods will please you.

Watch for hand bills.

To test samples of fabric for fastness to light, cover one half with cardboard and expose the rest to direct sunlight for ten days. To test for fastness in laundering, wash and dry half your sample under ordinary conditions. Curtain material should be tested in these ways before purchasing and dress goods when possible.

In the old days, chivalry consisted in saying: "May I smoke?" Now it consists in saying: "Try one of mine."
