WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

There's no "time out" for Buick

The referee's whistle shrills . . . "time out!" . . . The game halts, pending a player's return to the "line-up".

When you attend the big football games this year, notice the predominance of Buicks—for men and women who like action, like Buick. And hundreds of thousands of Buick owners can testify that there is no "time out" for Buick.

High Compression Performance that thrills the most Veteran Experts

By the Automobile Expert of "Automobile Topics"

"It has . . . all the 'punch' in the world . . . a smart push in the back every time the accelerator pedal is trod upon. Throughout its whole range, the response to throttle seems to be precisely the same. 'Soft spots' are simply not to be found."

" . . . it will walk away from the traffic signal faster than anything Hudson has ever built. . . It will step out of line and jump into the lead from any speed without the slightest hesitation."

"But further, all this is accomplished without a vestige of that tinkle-tinkle business under the

hood that Englishmen know as 'pinking' and American engineers as the gas knock, or detonation. Apparently this present Hudson engine just isn't going to 'ping' when the throttle is quickly opened, or when the car is driven hard against a hill."

"Under precisely similar conditions most any other modern engine will detonate when running on ordinary fuel."

"The Hudson motor does what it does on any old fuel at all, it is said, and assuredly does it on the run of pump fuel that is sold at base prices everywhere."

Call us up!

DON'T let yourself be worried, or say things, if you should chance, any time, to have a little trouble with your electric service. Fuses, for example, blow in the best regulated households; iron cords will be damaged; circuits will get grounded in spite of prayer and sacrifice.

Just call us up! We will have a man at your door very promptly. Our men are on duty day and night. They will replace burnt-out fuses, repair or replace broken cords, make minor repairs on electric household appliances, etc.—all without charge.
