**Cooking by Clock—**

In the Arabian tale, a nicely prepared meal promptly made its appearance out of the air when Aladdin rubbed his Wonderful Lamp.

Nowadays, in Electric Range cooking, the magic lamp is replaced with a clock, which automatically attends to the cooking. All you have to do is to put the food in the range, set the clock—and forget the kitchen till dinner-time.

Electric Range cooking is done without hovering over a hot fire, without watching, without trouble or anxiety, without smoke or dust or fumes—and with perfect cleanliness.

A call at our office to inspect the range and learn more about it will interest you.
