EDITORIAL

A SPLENDID START

A fine beginning has been made toward putting the Farmington Library on a respectable basis. Mayor Butterfield's plan for a review of the library situation by city and township citizens commends itself at once, and the standing of the citizens chosen is assurance that the library work will receive the intelligent, sympathetic attention it deserves.

Those citizens, mainly women who have labored so long and faithfully for the library may at last look forward to one in which the whole community may take pride.

BECOME A PARTNER WITH TWO DOLLARS

If someone came to you today and told you that for one dollar, you could become a partner in one of the greatest organizations in this country, you would probably be very much interested. And if it was added that you could for the same amount purchase a partnership in a similar organization right here in Oakland County, your interest would probably be increased.

Yet it is literally true that two dollars makes you a partner in these organizations. One of them is the American Red Cross, now conducting its annual Roll Call and the other is the Oakland County Crippled Children's Society.

The Red Cross is so well known that it probably suffers from the very fact that its work is part of the knowledge of every intelligent citizen. So promptly on the scene of every disaster, so unceasingly vigilant is this organization, that many undoubtedly have come to look upon it as having permanent endowment or perhaps government backing—not needful of their help.

To the contrary, the Red Cross derives all its revenue from the millions of dollar memberships it enrolls every year just before Thanksgiving. Many large gifts are received, of course, but this greatest of all relief organizations depends mainly on the millions of Americans who give a little bit every year for the great cause which the Red Cross serves so well—the cause of mercy.

If you are already a member little need be said. If you have never enrolled, be sure to become a partner in this work by enrolling today.

The other splendid organization mentioned above, the Oakland County Crippled Children's Society, explains its purpose through its name. It works among crippled children all over the county, giving them modern medical treatment, transforming them often from helpless, hopeless "cases" into happy, healthy boys and girls, and useful men and women, independent of charity.

The two organizations—one working among those made unfortunate through nature and the other wherever "sudden" misfortune turns human happiness into human despair, need and deserve the aid of all.

Join both before Thanksgiving, and you'll enjoy your Thanksgiving as you never did before.
