Mother kept that school-girl complexion by occasionally walking five or ten miles past a lot of drug stores. Our extra slice of pie for this week is awarded the politician who maintains that he only desires to serve the people. Nobody ever complains about the price of fur coats or silk stockings.

## FARMINGTON H. S. DEBATERS TRIUMPH OVER ROCHESTER

Unanimous Decision Of Judges Gives Girl Team Another Victory

Farmington High School's all-girl debating team added another victory last Friday night in the school auditorium, winning from the Rochester High School debaters by a unanimous decision of the judges.

The question was, "Resolved that the direct primary for the purpose of nominating candidates for public office in the United States be abolished." Farmington upheld the negative.

The Farmington High School team was composed of Gladys Wood, Mildred Brown, and Lois Young. The team will meet Oxford next in that town.

Judges of the debate with Rochester were Principal Gulick of Wayne High School, Miss Elliott, head of the English Department at Berkly, and the Birmingham High School debating coach.

Have you a rest corner in your kitchen? Near a window with a pleasant view put a small table where you can write up accounts or menus, sort housekeeping papers, or prepare your grocery order. Have a comfortable chair here, and some sort of a rack or shelf for cookbooks and such household magazines as may be glanced at while something is cooking. If space permits the darning bag or any other pick-up sewing may be kept handy here, too. The table should have a small drawer if possible, where the housekeeping purse may be accessible but out of sight.

## OBEY THE SIGNALS SAYS SHERIFF SCHRAM OR THE DEPUTIES MAY GET YOU

A warning was issued by Sheriff Frank Schram this week that unless more co-operation is received from the motoring public in obeying automatic signal lights it will be necessary to station deputies to cite offenders into court.

Numerous complaints have been received and upon investigation it has been found that the majority of the offenders live in the neighborhood in which the light is located, but deliberately ignore it. Sheriff Schram says.
