

## TO OUR COMMUNITY

☞ As the year 1297 draws to its close, we welcome the opportunity it affords to express our appreciation of its blessings.

☞ To our readers, who have accorded us a full measure of confidence -- to our advertisers, who have been generous in their support -- we are indeed grateful. Most highly of all do we esteem the feeling of friendliness toward this newspaper manifested by the entire community in the months that have passed.

☞ It is with these thoughts in mind that we turn to 1928 and extend to all our sincere wish that this may be your happiest and most prosperous New Year.
