## The New ESSEX SUPER-SIX

Entirely new in Appearance and Performance  
with *New Bodies* in a variety of Color

SEDAN \$785

COACH \$735

COUPE \$735

4-PASS. ROADSTER \$750

In performance as well as appearance, the Essex Super-Six is an entirely new car.

It reveals the capacity of the Super-Six principle. It attains an engineering triumph in low maintenance and operating cost.

It possesses such stamina that 50 miles an hour all day long is an easy accomplishment. And so nimble and alert is its action that no car will surpass the quickness with which it may be driven through traffic, or in touring, whether the trip is one of a few city blocks or hundreds of miles. To both driver and passengers, there is rare comfort in any kind of going.

Unusual accessibility means big savings in replacement, service and all shop work. Economy in fuel and oil is also a notable feature of the new Essex Super-Six.

With four beautiful new bodies—all smart in line, finish and upholstery, it is easily the paramount value of Essex history.

All prices f. o. b. Detroit, plus war excise tax

## Farmington School News

### Student Council Banquet

A banquet was held in the school for the members of the Student Council. There were seven members present, also Mr. Leonard and Rev. Palmer. A delightful dinner was served consisting of scalloped potatoes and ham with plenty of ice cream for desert. They discussed what the purpose of the council was and what they would plan for the future. They decided that it was only legal to play hockey on the ice pond from 4:30 to 6:00 o'clock, and on Saturday and Sunday mornings. The team has a large debt that it has to pay and they hoped to have it paid off this year. The Student Council plans to pay for every bit of athletic equipment, so all athletes can have uniforms free and return them at the end of the year. Several committees were chosen for advertising, such as games, debates, etc., and also for making a constitution. We are planning on the business men of Farmington to take the students to games that are away from home so the team will have plenty of support.

We had the pleasure of having Dr. George Bronson and a native of Honolulu visit our school Tuesday the 18th. Dr. George Bronson made a very interesting speech about his country. He has lived in Honolulu nineteen years and loves the country very much. We were entertained by the native who played some very beautiful Hawaiian music on a Hawaiian steel guitar. Dr. Bronson played a couple of numbers also.

**Basket Ball**  
The F. H. S. girls defeated Rochester High School girls Friday, January 21 in a fast but one-sided game. The score was 62 to 9.

The girls next game will be with Ferrdale at Ferrdale, Friday, January 28.

The second team boys played Wayne's second team January 21, Farmington winning by a score

The boys first team defeated Wayne, Friday, January 21 by a score of 45 to 18.  
The boys second team played Ford Republic at Ford Republic Monday night, January 24. The F. H. S. boys won by a score of 16 to 14.

### Seniors

The Seniors have their play chosen. It is "Two-Days To Marry" and I am sure it will be a great success.

### Freshmen

The Freshmen are all excited over their first high school exams.

### Kindergarten

The Kindergartners are having a nice time dramatizing the story about the "Little Bear."

### Miss Read.

### Second Grade

The Second Grade have been very good this week in not having any tardy marks.

They are starting to practice the Eskimo play.

### Miss Sharp.

### Opportunity Room

We have finished reading the Eskimo Twins.

We learned a new song about "The Dissatisfied Snowflakes."

We made snowflakes for our windows.

Second Grade invited us to their room Friday afternoon. We enjoyed marching with them very much.

### Miss Koterba.

### Third Grade

We are still studying about the clothes we wear. Tuesday we enjoyed lantern slides of cotton plantations and rubber trees.

In numbers we are having a game with the multiplication tables.

### Doris Oakland.

### Fourth Grade

Made clay hats, igloos and various kinds of tents, during our study of "Houses We Live In."

Our bulletin board has been a very interesting place to watch during our spare moments.

We also enjoyed the Chinese and Japanese pictures brought to us by Betty Adams.

We are trying to train our feet to be quiet because eighth grade are having semester tests.

### Miss McClellan.

### Fifth Grade

The Fifth Grade bankers are the following:

Anna Pollock, Gertrude McIntyre (Jane Lester), Eileen Jean Young, Virginia Hinbern, Catherine Storms, Arlene Pink, Wilbur Perry, Arthur Brockschmitt, Bratcher Wilson.

### Miss Bebe.

### Jokes

Jerry had fallen down stairs and his sister was bending over him.

"Oh, Jerry, did you miss a step?" "No," he growled. "I hit 'em all."

Bud Cook—"Everything I say goes."

King H.—"Then come over to our house and say Ford."

"And this is the end of my tale," said the cat as he backed into the lawn mower.

Higher Education; Learning how to let others do the hard work.

Hez Heck says: "The average man'll cheerfully pay \$10 for a quart, and then kick when eggs go up three cents a dozen."

### Women Act to Save Trees

Believing some of the great Douglas fir trees in the state of Washington should be preserved as an example of virgin timber, the state Federation of Women's Clubs has undertaken to purchase an area containing a large number of specimens measuring from 8 to 9 feet in diameter and which grow to be 250 feet tall. The tract is located on both sides of the Sunset highway over which more than two thousand cars pass every day. A campaign is under way to raise the money by selling individual trees at \$100 and buttons at \$1 each.—American Forests.

### Beriberi on Increase

In Japan for years one of the most devastating diseases has been beriberi. It affects the nerves and saps the strength of the rice-eating people. It is estimated that there is now an average of 1,600,000 cases in the island and the deaths have increased from 10,000 in 1910 to 27,000 in 1923. Absence of certain vitamins in polished rice is held responsible.

### Energy Wasted

D. B. Phillips, California traffic officer, encountered a speeder at Visalia, gave chase, opened his siren to no avail. The driver sped 20 miles before he stopped of his own volition. Phillips came up, and was well into the middle of a warm lecture when he found out that the speeder was deaf and dumb.

Enterprise liners for results.

## LATEST BUICK MODEL

AMONG the new models which attracted the crowds at the New York automobile show last week was a new body type introduced by Buick. This model is called the Town Brougham, and is a deluxe five passenger closed car on the Series 115 chassis.

The body is of the sedan type, with the rounded, leather covered rear quarters and the landau hinges of the brougham. It is distinctly in the deluxe class, carrying special equipment, upholstery and finish. The color on the upper works of the body is Delaware green, with Yorktown green below the belt. The leather rear quarters are colored. Double gold striping is placed over the black lower molding. The wheels are dark natural wood. The upholstery is a shade of green to harmonize with the body colors.

A very pleasing effect has been obtained by skillful application of colors. While the entire upper part of the body is in Delaware green, the insets around

the windows are in the lighter Yorktown green. This treatment gives an effect of color harmony hitherto associated only with the most expensive custom-built cars.

The Series 115 chassis has a wheelbase of 114 1/4 inches and is powered with the Buick valve-in-head engine of 207 cubic inches displacement, developing 63 horsepower. The speed is rated at 70 miles an hour. The chassis is equipped with the new vacuum ventilator which holds crankcase dilution to such close limits that only four changes of oil a year are necessary, provided the level in the crankcase is kept up. Gasoline mileage between 17 and 19 miles to the gallon.

The Town Brougham is a companion model to the Series 115 Country Club coupe, and carries the same equipment. This includes a smoking set and vanity, high quality carpeting in the rear compartment, artistically designed hardware, indirectly lighted instrument panel, and the new Buick radiator emblem.
