Miss Sharpe

Miss Koterba

Fourth Grade

The fourth grade children drew illustrated hygiene lessons. And in English class they wrote stories about each picture.

The fourth grade students are very thrifty because they have had the banner for two weeks.

In geography they are drawing maps of the different groups of states. They are finding the most important cities of each state, then they write stories about the cities and put them in their geography booklets. Each student is making

a spelling graph. They are also keeping account of their grades for four weeks.

We are also studying about "True Citizenship" taking as our models Lincoln and Washington.

Miss McClellan

Boys Athletics

The boys were furnished with a surprise last Friday night when they went over to Ypsilanti and suffered defeat at the hands of Roosevelt High of that city. The game was played poorly by both teams, there being much fumbling of the ball. The score was deadlocked most of the time, but in the last minutes of play the opponents rung up three field goals and at the final whistle the score was 20 to 14 and our F. H. S. on the other side of the fence.

Farmington Defeats Walled Lake Farmington High School came back Saturday night with a victory after taking a setback the night before. It defeated Walled Lake on our home floor. The game was near striking distance for victory but F. H. S. held its early lead most of the game except early in the fourth quarter when our home team rung up several baskets in succession and the final whistle blew with the score 29-17 and our high school with a victory.

Miss Blanchard, the nurse is more than anxious to meet all mothers and babies. Mothers this is a real opportunity right at your door.
