

REGISTRATION NOTICE

—FOR—

BIENNIAL SPRING ELECTION AND ANNUAL TOWNSHIP ELECTION
MONDAY, APRIL 4, A. D. 1927

To the Qualified Electors of the Township of Farmington, (Precinct No. 1 and 2).
COUNTY OF OAKLAND, STATE OF MICHIGAN
 Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Township Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township not already registered who may APPLY TO ME PERSONALLY for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Second Saturday before any regular, special, or official primary election and the day of such election.
 The last day for General Registration does not apply to persons who vote under the Absent Voters' Law. (See Registration by Affidavit)

MARCH 26, 1927—LAST DAY

for General Registration by personal application for said election.

Notice is further hereby given that I will be at the office of the Grand River Lumber & Coal Co., Clarenceville, on the third and fourth Saturdays before said election to review the Registration Book and Register Electors on

MARCH 12 AND MARCH 19, A. D. 1927

From 8 o'clock a. m. until 8 p. m. on each said day for the purpose of REVIEWING the REGISTRATION and REGISTERING such of the qualified electors in said TOWNSHIP as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

REGISTRATION BY AFFIDAVIT

Sec. 10—Registering of Electors: Regular Session of 1925—Any absent voter, as defined in this act, whose name is not registered and who shall claim the right to vote by absent voter's ballot at any election or primary election, may at the time of making application for absent voter's ballot, present to the township clerk an affidavit for registration which shall be in substantially the following form:

A THRILLING MOUNTAIN RIDE

(Continued from page 1)
 circular bridge which is circular in form on a 4 1/2 per cent grade with a radius a 75 feet this structure rests upon solid rock. On the outer side is a canyon hundreds of feet deep and one experiences the thrilling sensation of being suspended in midair. The car makes the curve in perfect safety 3,775 feet above the sea.

Through the solid walls of granite was blasted a passage which has been named the Granite Gateway. In the inner side is a perpendicular wall, on the outer side overhanging rocks overlooking Grand Canyon 1,500 feet deep and little more than a mile across.

Mt. Lowe Tavern is located at the head of this canyon 4,420 feet above sea level nestled in a glen of exceeding beauty and is said to be one of the finest mountain resorts on the continent. Here are found all the conveniences of a modern hotel in either American or European plan. The massive fire place which Mt. Lowe Tavern is known the world over greets the eye when first entering the lobby. Above the fireplace is the motto of the resort. "Ye Ornament of a House is Ye Guests who doth frequent it."

The trail starts from Mt. Lowe Tavern 2 1/2 miles in length and winds to the summit 1,100 feet above. The journey is made by burro, with an experienced guide.

Inspiration Point 1/2 mile, overlooking San Gabriel valley greets the eye a tranquil valley 2,000 square miles in extent. Far down the valley the San Gabriel river can be seen thrashing its way oceanward, the San Pedro hills stretching from San Pedro to Redonda Beach 35 miles away also Signal Hill at Long Beach while beyond the hills 27 miles at sea, Catalina Island with its twin peaks stands out against the sky.

Although California is a wonderful place to be in, when Old Michigan is covered with snow and ice, but they have their set backs here, which you have probably read about in the papers. Had the experience of seeing one automobile swept from one of the main streets of Colton in the torrents of water 200 feet down the wash and buried five feet below the bed of the stream.

It rained for six days and nights without a letup.
 Hurrah for Michigan!
 Mr. and Mrs. Clyde H. Adams.

WEST POINT PARK

Rev. George Gullen's topic for next Sunday, March 13 will be, "Coming Catastrophes" and for the children "Day and Night." Starting next Sunday our services will begin at 10:30 instead of 11 a. m. Tell your friends of the change.

The P. T. A. program Friday night in the school was a great success. The music was beautifully rendered. The officers of last year were re-elected for the coming year, with a unanimous vote. The P. T. A. year (the first of its existence at West Point Park), has been one of marked progress.

The music for the evening was furnished by Mrs. B. C. Thomas family. Miss Finnigan, teacher of the first grades also gave a little exhibition of class work. The officers are as follows: President, Mrs. Ethel Middlewood; vice-president, Mrs. Lillian Zwahlen; secretary, Mrs. George; treasurer, Mrs. Eliza Wagenschultz.

Miss Mabel Turner attended a dinner given the volunteer workers, last Friday evening at the Jefferson Avenue Baptist Church. Mr. and Mrs. S. R. Turner and two sons, Rupert and Woodrow, motored to Lansing Monday on a business trip.

Our new church is to be dedicated Sunday, March 27. Watch for future announcements.

Charles Taylor who has been in Harper Hospital for the last two weeks is expected home some time this week.

The regular meeting of the Ladies Community Club will meet at the home of Mrs. Kamhout, Wednesday, March 16. A large attendance is desired.

Mrs. Margaret Davis and Mrs. Wm. Zwahlen were dinner guests Wednesday at Mrs. H. T. Davis, of 866 Glyn court, Detroit.

John Hill is home from Marine City where he has been working this winter.

Miss Catherine Harlan was home for the week end from the State Normal at Ypsilanti. We are all glad to hear that William Harlan is around again. The Jolly Eight Pedro Club met at the home of Mrs. L. Gilbert Wednesday afternoon Lunch was served by the hostess.

Advertise it in the columns of The Enterprise.

BUICK UNIFIED LINE

THE Buick Motor Company has announced the completion of its new, efficient assembly system, the Unified Line.

It is capable of turning out thirteen hundred complete automobiles a day. The plant engineers who planned and built the system say that their purpose was to obtain the most speed and economy in the assembly operation consistent with the rigid standards of quality maintained in the past.

That this purpose has been accomplished is demonstrated by the fact that between 885 and 900 men, with the aid of the new system, are able to turn out the normal output of eleven hundred cars a day. This places the actual cost of assembling each car at a figure less than the wage of one man for one day, as far as the labor item is concerned.

There is no interruption in the assembly of the cars from the time the bare frame starts at one end of the system until the finished car is driven away at the other end. It consists of three assembly lines located in a building 64 feet wide and running parallel. This economy of space is possible because all materials and

parts are brought to the three lines by gravity or power conveyors at exactly the time they are needed for assembly. This eliminates the necessity of keeping stocks of stock on hand.

Buick builds chassis of three lengths and two engine sizes. There are eighteen domestic body styles, several export right hand drives, many different paint combinations of bodies and wheels, and practically all parts are in two sizes. A frame for a chassis of 128 inches starts at the riveting boys. Throughout its long journey through thousands of assembly operations, it must in every case receive exactly the right part for this particular chassis. This is accomplished by the Unified Line.

Cady B. Durham, vice president and assistant general manager of Buick, conceived the Unified Line and built it with the assistance of his staff of plant engineers. Its purpose is to build Buicks to the same high standard of quality which has been maintained for twenty-three years, and yet to eliminate the costly items of delay, handling costs, duplication of effort and unnecessary labor expense. The system as it now stands is second to none in the industry.

Greenville, Mich., Nov. 18, 1926
 "I have used AA Quality Fertilizers more than 25 years, ever since starting my farming career in Montcalm County at Greenville. I was the first farmer to use commercial fertilizers, and used to have them shipped out in small quantities for use on my farm.
 "My first use of fertilizers convinced me that they were very profitable and that any farmer could not really afford to plant a crop without fertilizing it. I found the use of fertilizers especially profitable on potatoes.
 "I am proud to say that my potatoes grown with fertilizers were awarded the Sweepstakes prize at the 1926 Western Michigan potato show."
 —E. W. Lincoln

Why not make every crop on the farm a money crop?

FARMERS who are making the most out of their farms make money on every crop.

It doesn't cost much more to plant, cultivate and harvest big, heavy, quality crops from every field than it does to get only one or two good crops.

The use of high-grade fertilizers makes the profitable difference in yield per acre, in crop quality and a most welcome difference in the bank account.

See the man in your community who handles "AA Quality" Fertilizers. He will tell you why there is

a special "AA Quality" Fertilizer for every crop. He will show you why an investment in "AA Quality" Fertilizers is the most profitable one you, as a profit-seeking farmer, can make.

"AA Quality" Fertilizers are made of the finest materials obtainable. The ingredients are so scientifically prepared, so thoroughly blended and cured that they are always in perfect condition.

Backed by sixty years of experience. Proved by thousands of tests. Guaranteed by an unbroken record of crop successes.
