

East Indians Waging**War on Wild Animals**

At this moment—any moment—a man, woman or child is almost certainly being torn to pieces and gulped down by one or more wild animals in Asia. Accurate statistics are available only for India. Last week a bored clerk at the colonial office released the news that wild animals killed 1,974 humans in India last year; and that the humans retaliated by killing at least 21,605 wild animals for whose destruction rewards were officially paid. Snakes crushed or killed with poisoned fangs 19,808 humans; and rewards were paid for the killing of 47,106 snakes.

Tigers ate 974 humans; wolf packs tore and gorged on 265; leopards, 191; crocodiles, 98; bears, 82; elephants, 78; wild pigs, 73; hyenas, 6. The colonial office pointed with pride to the decrease in human deaths due to wild animals from 3,605 in 1923 to 2,587 in 1924 and to only 1,974 in 1925. Curiously enough, the only species of animal to take a greater toll of human life in 1926 than in 1925 was the elephant. The number of tigers killed was 1,609; leopards, 4,660; bears, 2,485; wolves, 2,361.—London Times.

Motordom's Highest Achievement—

**the speed, power and safety of Super-Six Performance
in a Nationwide "Demonstration Week"**

Hudson dealers were never so busy—our sales were never so large—customers were never so pleased—the value never so great.

Thousands of cars have been sold without opportunity to demonstrate them. Demand has kept the market stripped so that few but imminent buyers have had an opportunity to ride.

Now with Hudson dealers giving principle attention for one week to demonstrating the new Hudson Super-Six, all motordom may have first hand experience of what is possible with the Super-Six principle released in full capacity. Until you ride in the Hudson Super-Six there is a motoring thrill you can never know.

You see Hudsons everywhere. You admire their striking beauty. You note their flashing performance. And you see in them the greatest values motordom has ever offered.

In appearance, beauty of detail and finish, and in performance, you compare Hudson with cars costing twice as much. Make it stand out in your mind that Hudson's price is hundreds of dollars below any car with which it is compared.

Take advantage of this special demonstration opportunity. Ride in the New Hudson Super-Six even if you have no immediate intention of getting a new car.
