A New Silk Dress —for only 17¢

"I quit wearing this dress weeks ago thinking it could not be cleaned. A neighbor told me about a wonderful dry cleaning soap called Solvite. I tried it on this dress and here it is, bright as new, and the whole thing cost only seventeen cents."

Solvite is an amazing new kind of dry cleaning soap. Dissolve it in gasoline and you can save many dollars by dry cleaning dresses, blouses, coats, gloves, flippers, curtains—everything that would be ruined by ordinary soap and water. Get a large jar of Solvite from any drug store—you'll never be without it after.

Home Makers' Column

The necessity for selecting the right food for children is being emphasized because in the midst of plenty, thousands of American children are not getting the foods they need for the highest development of mind and body. The United States has more food and better food than any other nation. Our pure food laws and sanitary methods of handling food supplies are world famous. Along with our efforts to safeguard our health through food control, however, we need to develop better food habits and so reduce our alarmingly high percentage of malnutrition. For the undernourished child does not have a fair start, and everything is harder for him. Even though his body may outgrow some of the visible signs of malnutrition, others not so apparent remain. His resistance is likely to be lowered so that he "catches" diseases easily. Faulty mental habits cling and in countless ways he carries a handicap all through life.

Hard boiled eggs are sometimes used to garnish fish in a colorful way. Garnishes that can be eaten are to be preferred for economy's sake.

The slices of lemon usually served as a garnish with fish, whether it is broiled, fried, or baked, are not merely a decoration. They are meant to furnish the lemon-juice which makes the fish more appetizing, and incidentally to increase the supply of vitamin C in the meal. Many prefer to pass the lemon separately rather than to garnish the

JOSEPH HOWARD ALDRICH In loving memory of our son and brother, Joseph Howard Aldrich, who was killed seven years ago, June 30, 1920, aged 10 years, 1 month.

Once we had a little son, Who's eyes were blue and deep; And in the arms of Jesus he lies In peaceful sleep. He bade no one a fond farewell He said good-bye to none. We little thought when he left home He would no more return. Days of sadness still come o'er, Fears in silence often flow For memory keeps him near us Tho he died long years ago. A bitter grief, a shock severe go part with one we loved so dear Our loss is great, we'll not complain but trust in God to meet again. Loving Parents, Sisters and Brothers. CARD OF THANKS

We wish to express our thanks to all the friends and neighbors for their kindness shown us during our late bereavement. Especial thanks to the officers of the O. E. S., Mr. Heeney and Rev. J. Bolems Jr., Henry Evert, Lester Evert, Mr. and Mrs. Reynold Esch

Who Will Set The Price?

When you come to trade your car in for a new one—will you apologize for its appearance—and let the other fellow set the price? Or will you show it proudly as a well-kept car—name your own price—and get it! A thorough washing once a week spells the answer—and puts dollars in your pocket at trade-in-time. platter with it. The slices of lemon are especially attractive if sprinkled with chopped parsley.

Last Year's Wheat Crop The 1925 wheat crop, although small, was more valuable than any crop since 1920 and probably more profitable even than that crop, according to the food research institute of Stanford university. It sold at 65 per cent above the pre-war level of prices, and the total amount received was approximately \$1,000,000,000. Less than 2,000,000 bushels of Canadian wheat paid the duty of 42 cents a bushel and came in for consumption, although 13,500,000 bushels were brought in under bond for milling.

Radio Wedding Music Plans for the wedding of Miss Jean Anderson of Belleville, N. J., to Frederick Jackson of Newark were all made. The minister was waiting at the home of the bride's parents to perform the ceremony. But the orchestra hired for the occasion had not appeared. The bride-aid telephoned to a Newark broadcasting station and requested the orchestra there to play a wedding march. Then, as soon as the bride's father tuned in, the wedding ceremony proceeded.

Funny, isn't it? The latest fad, we learn from a woman's page, is a novelty in women's footwear in the way of shoes that are made to look as if they were patched. And the funny part of it is that the woman who will wear these freaks would feel exultantly disgraced if they had to wear shoes that really were!—Cincinnati En.
