WEST POINT PARK'S SCHOOL IS TO HAVE 9th AND 10th GRADES

West Point Park is to be congratulated on its progressive school board. A committee went to Lansing last week to interview the State Department of Education. With the consent of the State, and the co-operation of the district we have voted to have the ninth and tenth grades here this next year. It will not be long before we have the full twelve grades at West Point Park.

Now - Even Lower Prices!

-YET STILL GREATER BEAUTY!

Amazing increase in Pontiac Six value made possible by the economies of the world's newest and finest motor car factory.

The announcement last week of a smarter, more beautiful Pontiac Six at surprising price reductions was an unexpected sensation. High quality and low prices had been winning thousands to the Pontiac Six. But due to increasing production in the mammoth new \$12,000,000 Pontiac Six plant, savings were being effected. And these were passed to the public, together with the additional value represented in new Duco colors!

Now the Pontiac Six is the only low-priced six offering: Bodies by Fisher—the largest engine used in any six priced up to \$1,000—and an oiling system which forces 250 gallons of oil an hour through the engine at 35 m. p. h.

These are only a few of the features which make today's Pontiac Six a triumph of modern design and production! Come in! Learn how much MORE you get in the Pontiac Six at new low prices!
