GRAND RAPIDS, MICH.

December 7, 1926.

Mr. E. H. Dickey, Manager, Michigan Bell Telephone Company, Grand Rapids, Mich.

Dear Sir:

We are great believers in the long distance telephone for keeping practically a personal contact with our customers.

I find that when some dispute comes up between us and our customers, I can usually settle it when I talk personally to my customers over the telephone.

Also when we have something of special importance that we want to get over to a customer in a distant city, that our business is increased, due to the fact that the writer or one of the managers of our different departments uses the telephone to put the proposition before the buyer.

As stated in the first paragraph, we are great believers in the use of the long distance telephone.

CUL:ID

Our business is increased due to the fact that the writer or one of the managers... uses the telephone to put the proposition before the buyer.
