Redecorating work is being done on the Baptist Church in Farmington and is expected to be completed soon. The work will give the church a pleasing new appearance and is particularly appropriate now, as the church is prepared to celebrate the second anniversary of the coming of Rev. E. W. Palmer.

Since Rev. Palmer came to Farmington two years ago, the Baptist Church has shown a rapid, steady growth in membership and influence. A great deal of work both within and outside of the church has been accomplished under Rev. Palmer's leadership.

WALLED LAKE IS HOST TO MANY ON HOMECOMING DAY

Hundreds of Former Residents Gather For Twenty-Third Annual Reunion

Despite rainy weather which reduced the number in attendance, the twenty-third annual Homecoming at Walled Lake last Saturday proved one of the most successful and enjoyable in the history of the annual events. Many who had not visited Walled Lake in years returned to greet their old friends and see oft-remembered sights.

The oldest "Homecomer" in attendance was believed to be Mrs. Loviza Heath, 95, of Wixom, who offered a reading and was heartily encored. At the other extreme in age among those on the program was Darrell Johnson, Walled Lake's youthful pianist, who at 12 is a radio star.

Mrs. William Mairs, of Novi was elected president of the Homecomers' Association, for the coming year, being elevated to the leadership from the vice-presidency she held last year. Mrs. Sadie Bicking was chosen vice-president, Mrs. Lulu Seeley secretary and Mrs. May Rhodes, treasurer. James Lynch was chosen historian.

Judge Moore Speaks

One of the outstanding features of the day was an address by Judge Joseph B. Moore, who came from East Lansing. An informal address by David Gage of Northville was one of the high spots of the day.

Two ball games, in one of which Walled Lake defeated West Point Park, proved an interesting feature to many. In the second game, Clyde was defeated by Romulus, 6 to 0.

A group of young people of the Baptist Church met at the home of Mr. and Mrs. McDonald, Monday night where they were entertained by Mr. Pipe by music and vocal numbers. Refreshments were served and all enjoyed a pleasant evening.

into four teams, each with a color, and there were many enthusiastic cheers when the various team-mates entered into a contest. The first event of the track meet was the "fifty-yard dash for men." This was a difficult task, inasmuch as the contestants had to eat five crackers and then whistle a tune. The first one to whistle was the fastest runner. The second was the broad jump for women—"Ladies where's your broadest grin?" One of the teachers won.

Many more contests of this sort were held and were enjoyed by all, and much laughter ensued. After all had had a chance to demonstrate his ability as a "track man," punch and wafers were served.

A large crowd remained to dance. Miss Ethel Garchow and Mrs. Zaida Wolfe played the piano.

Miss Garchow also played the march.

A thoroughly enjoyable time was had by all and one of the new teachers said, "As a member of the faculty and a stranger in the community, I considered the reception as one of the happiest occasions of my life."

"Coming directly from Kentucky, the state far famed for its unequalled southern hospitality, where the latch string is always hanging from the door, I naturally expected to find these people cold and repelling, but quite the contrary, for nothing, not even in Kentucky, could be more whole hearted than the wonderful attitude which these lovely people displayed to the teachers on this occasion and the manner in which they opened their hearts to receive us into their midst."
