

Discover the local color in our Creative Living Section.

There's more going on in your own back yard than you may realize. Gallery and museum openings, piano recitals, theatre and dance presentations, seminars and workshops, along with reviews and write-ups that point you toward the best of everything. Whatever catches your fancy, the Observer & Eccentric Newspapers are the best way to find out what's going on in your own home town. Because we cover the suburbs like the dailies cover the city.

THE
Observer & Eccentric
NEWSPAPERS

We live where you live.
