Firm targets Hills center

A \$5,000 grant from the Target Stores Project Family has been awarded to the St. Vincent and Sarah Fisher Center in Farmington Hills. Announced in February, the grant will provide financial support to the Center's Teen Mother and Infant Parenting Program for the coming year.

The residential program, located on the center's Farmington Hills campus, is offered specifically to teen mothers, ages 16-18, from the tri-county area. Through this program, the young mothers continue their education and move on to high school graduation.

Emphasis is placed on strengthening the mother/infant relationship as the teen-mother learns to understand and deal effectively with infant/toddler development. Counseling and instruction in practical living skills are also provided to help residents achieve independence.

The St. Vincent and Sarah Fisher Center is a non-profit agency offering services to abused and neglected children, pregnant teens and young single mothers and their babies. Administered by the Daughters of Charity, the Center serves over 200 children and their families on a daily basis.
