Working with Western members who hall from communities throughout metro Detroit, project designer John Bodag and architect Michael Krebs studied Béygar-old blueprints in planning the restoration of the chib's studied. Béygar-old blueprints in planning the restoration of the chib's studied. Bedisseries of restorations including the Albid, Opto One, Pegasus and De Deathorn Byth's La Rotisseriestripped Breplaces to reveal natural, limistone, and resurfaced hearths with verific global Rallan merble.

He added concealed lighting

the added concealed lighting throughout the clad to enhance the texture of woodwork, oak beams and swited, raised plaster.

A flower-lined ramp was house, and to the entrance to provide barrier-free access.

Heavy Bivarian doors were replaced with doors custom-made with beyoled glass. A specially nade leaded glass chandle light glass chandle light fasts chandle light fasts chandle light fasts chandle figure for in diameter graces the foyer.

cause the most of the club, was it was time for substantial changes," said club president Charless Bokes. We hadn't done anything for many years. We were able to accure substantial complete the work.

The project's general contractor was Dale Belsey of T.H. Marsh Construction Co. Both Belsey and Marsh belong to Western, John Steinke antiqued the plaster work, and did the pointing, glazing and rog-rolling.

Best-kept secret

"This is a great club. We have a phenomenal golf course, and now we have a he-wiffel facility," all longtime member 19c. Watson. "Western is one of the best-kept secrets in the whole state of Michigan."

them.

"The architecture of the building revidees around the entry way, so we eithenced it and used it to set the theme for the entre club. To enhance wall textures, we came up with a two-layered point finish: We painted the first layer, then worked a second color over it."

In the fuyer's arched ceiling, Botter has not a sevent color as we seen as we seen the color of the first layer.

dag hung an eye-catching leaded glass chandeller. Above it, tile-aized squares of bronze folled wallpaper create the effect of gold leaf.

Booling added large crown molding with concealed lighting throughout the clubhouse. He designed and built a new bar, freeing up dining cours space. "We added indirect lighting under the face of the bar it-self. The lighting effects just add. It's much more dromatic, especially in the evening.

in the evening."

Space in the mixed grill was doubled. Added to the grill were col-

codes and necessities of today doesn't mean that a building or condition has to be unattractive," said Bodag. "It's just a matter of thought and careful attention to de-tail."

thought and careful attention to de-tail. A funds become available, office-off-the looper will be converted into a library/greeting area featur-ing hardwood floors, a fireplace and oak-nleving said Bodag. Other im-provements will include more hand-icapped facilities and work on the exterior.

Club manager Ron Peurson, who started working at Western as a 12-your-old caddide, says he delighted with the work that's been done so for, and looks forward to the next phases.

"The exterior shing hidee quite a, hit of the original design. If we can unever some of it, we may find some very elaborate fieldstone, work."
