CAMELOT

OVERALL DIMENSIONS: 90'-0" X 82'-0"
LIVING: 3061 square feet
GARAGE: 648 square feet

FLOOR PLAN
CAMELOT (332-120)

Camelot fit for a king

Whether you call the exterior passage a covered porch or a veranda, the Camelot has a long one. It begins in front of the utility room, goes past the dining room, living room, entryway, and den before wrapping around the master bath room and terminating at the deck next to the master suite.

The interior is also spacious. Amenities in the master suite include a skylight, an elevated spa, twin basins, a walk-in closet, and an additional vanity outside of the bathroom.

A vaulted den or office is the only other room to the left of the entryway. Family living areas are at the center of the home.

There's a room for plants to flourish in the garden window in front of the kitchen sink. A lengthy raised eating bar with a vegetable sink provides partial separation between the kitchen and family room. Ovens, cooktop and dishwasher are all built in. If desired, a desk could be tucked into the alcove between the ovens and the refrigerator. A small powder room is nearby, close to the nook as well as the entryway.

Fireplaces warm the family room and the bayed living room.

Each of the three additional bedrooms has walk-in closets. The guest room has a private bath. Each of the other two bedrooms has its own basin and share access to a separately enclosed tub and toilet.

For a study plan of the Camelot (332-120), send \$7.50 to Landmark Designs, P.O. Box 2307, Eugene, Or. 97402, including the plan name and number.
