

Oakland gets added money for more equipment, roadwork

The Road Commission for Oakland County (RCOC) has realized an increase of \$3.76-million as a result of legislation passed by the State of Michigan called "Build Michigan."

John L. Grubba, managing director of RCOC, declared that all of the funding will be utilized to do road work or to purchase road equipment.

"We have too long been forced to forgo the purchase of road equipment, particularly that used to fight winter storms, by a failure to increase the state-collected fuel tax," Grubba said.

"In the current budget year, the Road Commission bit the bullet and borrowed money to replace the portion of its severely deteriorating road fleet."

"To continue this commitment,

we shall apply a major portion of the new money to acquiring additional pieces of road equipment."

RCOC has committed to purchase 68 pieces of equipment, some of which will be previously owned.

From the new funding, seven full-sized trucks will be purchased and an additional eight less frequently used vehicles also will be acquired.

"Regrettably," said Grubba, "most of the equipment requires significant special reinforcement and specialized add-on devices which will most probably delay obtaining the equipment until April or May of 1993."

Nearly \$1-million will be added to the \$1.6-million previously budgeted for equipment.

The so-called "Build Michi-

gan" funding will be allocated as follows:

Major road resurfacing and safety projects will be assigned \$1.7-million

There will be a \$200,000 reduction in the cost of applying dust control agents to gravel roads, in hopes of acquiring more customers for the RCOC applications.

The Traffic/Safety department will spend \$25,000 more for new recessed center-line markers.

The Highway Maintenance department will acquire \$200,000 worth of additional gravel and slag, spend \$200,000 more on materials for drainage structures, do \$100,000 additional concrete repair and acquire \$991,000 in new road equipment.

"Outstanding Job!"

Those are the words Neil Johnson, of Livonia, used to describe the response to his recent Observer & Eccentric Classified ad. He was very pleased with the results.

Videoconference cites advantages of multicultural work force

A live national videoconference to assist managers of a multicultural work force in making diversity their competitive advantage will be conducted on Jan. 13 at Oakland University in Rochester.

The videoconference will be presented through the business-education partnership of the Oakland University Division of Continuing Education and School of Business with the Oakland County Chamber Division of the Greater Detroit Chamber of Commerce and in cooperation with the Business Enterprise Development Center, Consumers Power and The Oakland Press.

The videoconference from 12:30-3 p.m. at Verner Recital Hall will be followed by a panel of focal experts, focusing on challenges in managing the multicultural workplace from the legal and corporate management perspectives and from the perspective of a business owner. Panelists will be:

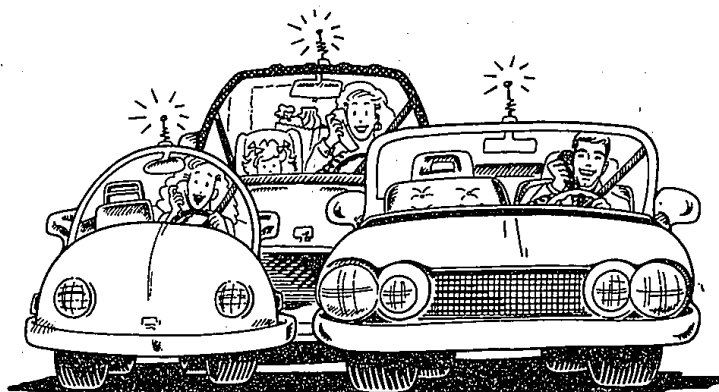

■ Steven J. Fishman, principal of The Fishman Group, Bloomfield Hills, an employment attorney representing employers throughout the Great Lakes region.

■ Patricia Isaacs, regional vice president of McDonald's Corporation — Detroit Region, who is responsible for day-to-day operations of 187 McDonald's restaurants, including licensing, real estate and construction.

■ Carmen Munoz, president and part owner of Munoz Machine Products, Livonia, who started a business with two colleagues in 1984 and projects \$3 million in sales for 1992.

A reception at 4 p.m. will close the program.

Registration is \$65. For information call the Continuing Education office, (313) 370-3120, from 8 a.m. to 5 p.m. weekdays.
