**Roots will tell**

Moving tight along: A 50-foot-tall copper beach tree is the newest attraction on the Cranbrook campus. Donated by Virginia "Ginny" Fox, the 33-year-old, 66,000 pound tree with a root-ball 16-feet wide, was moved Thursday from a Lone Pine address to a spot near Cranbrook's new North Woodward entrance. It was originally planted to commemorate the 25th wedding anniversary of Fox's parents, James Beresford and Florence Booth Beresford, the daughter of Cranbrook's founders George Gough and Ellen Scripps Booth.

**BUILDING, BUYING OR REFINANCING...**

Standard Federal has a money-saving mortgage that's right for you.

Last year, we helped over 46,000 customers with a variety of mortgages. Take a look at what we can offer you. You'll see why we're Michigan's leading mortgage lender.

If you're interested in lowering your house payments, you really owe it to yourself to talk to our mortgage specialists about our adjustable-rate mortgages. If you're refinancing, you may be able to save thousands of dollars over the life of your mortgage. You can build equity faster, or even pay off your home more quickly. And you have the option to convert to a fixed-rate mortgage at any time.

As for home buyers, your Realtor or Builder can show you how the current low rates can make your dollar go even further.

Our 5- and 7-year mortgages are great money-saving options because rates are even lower than they are for longer term loans.

Or, if you prefer, we offer a very competitive rate on our longer-term fixed-rate mortgages.

But no matter which mortgage you choose, it will have our unique Rate Lock feature which guarantees that while your Rate Lock is in effect, your loan will be closed at the rate that was available when you applied for the loan or, if lower, the rate in effect at the time of closing.

Call or visit your neighborhood Standard Federal Banking Center about any of our money-saving mortgage products. With rates this low, there's no better time to trim your operating expenses.

**Standard Federal**

The APRs shown above are based on a \$50,000 loan with a 20% down payment, a 2% loan discount fee, a \$250 non-refundable application fee, a \$350 closing fee and 15 days of prepaid interest. The initial monthly principal and interest payments for the loans shown in this example would be \$405.35 for the adjustable-rate loan, \$460.00 for the 5/25 balloon loan, \$512.35 for the 7/23 balloon loan, \$714.00 for the 15-year loan and \$906.23 for the 30-year loan. The estimated APR for the adjustable-rate loan is based on an index which is subject to change. The APR and the payments for the adjustable-rate loan are also subject to change on an annual basis after the loan is closed. The actual interest rate will be in effect for the first year and is not based on the formula set forth in the loan contract. The 5- and 7-year loans are balloon payment loans based on a 30-year amortization. Except under certain conditions, the Bank is under no obligation to refinance the 5- and 7-year loans at the time of maturity. Interest rates and terms are subject to change at any time. ©1993 Standard Federal Bank.
