

Here's who your money helps when you give to United Way.

When you give to United Way, you help people in your own community who really need help. United Way supports more than 140 health and human service agencies which last year served more than 1.8 million people right here in Wayne, Oakland and Macomb counties.

United Way is able to direct nearly 90 cents of every dollar contributed to important services, since only 10.4 cents is used for campaign and administrative costs.

We hope these smiles bring a smile to your face, knowing that you helped so many find the hope and help they need. Thank you.

United Way

Still the best way to show you care.
