**RADIAL KERATOTOMY**  
Surgical Correction of Nearsightedness & Astigmatism

Working for a newspaper and having young children at home means taking time off is out of the question. I had my RK surgery on a Friday and was able to return to work the following Monday. I even attended a party the day after surgery.

After RK surgery.

Before RK surgery.

- Dharlene Norris, Farmington Hills

"I was the first of 4 members of my family to have RK surgery. My results are wonderful! I'm experiencing a whole new freedom without my glasses."

- David Gronow, Detroit, MI

"My husband was nervous for me, but now we both wish I'd had RK surgery years ago. Until now I didn't know a surgeon I felt I could depend on. I would hate to see my sons wait until they are my age to have RK."

- Adrienne Avender, Brighton, MI

"I was very impressed with Dr. Beilman and his staff. They made certain I understood everything about RK and knew just what to expect every step of the way. I'm so happy with my result that I've referred my sister to the RK Institute for her surgery."

- Karen Kaufeld, Ann Arbor, MI
