

MELTING POT CUISINE

After the theater, experience creative dining at its finest under one of the world's two hyperparabolic roof tops (the other is in Venice, Italy); or dine alfresco during the warmer months.

This blue ribbon, 3-star restaurant offers a sumptuous array of international lunch and dinner entrees, from rib-join lamb chops, smokey mountain pasta and chicken strudel to shrimp curry madras, the house specialty, and succulent white fish and other seafood creations.

Enjoy entertainment in the upper level lounge every Friday and Saturday evening. Punchinello's also offers catering for special occasions and carry-out cuisine as well.

BARBARA'S PAPER BAG

Owner Susan Sivak prides her store's success on the wonderful, old-fashioned service extended to her customers over the years. Barbara's Paper Bag has been located on Pierce Street for over 16 years and is a community favorite for fine stationery, custom invitations and unique gifts.

Throughout the years, Barbara's Paper Bag has shared special occasions with their customers. The shop has grown with the families: beginning with graduations, weddings, births, birthdays and so forth.

After many successful years at 135 Pierce, in the spring of '92 the larger space next door became available, so "The Bag" packed their bags and went to 147 Pierce.

The new location was designed by Sue's brother, Steve Sivak, a registered architect in the State of Michigan and Washington. He is now teaching at Lawrence Technological University and has a small practice limited to residential and commercial architecture and design.
