SALES
ENGINEER

Entry Level
Southeast USA

We are a multi-million dollar international leader in material handling with ambition and desire to increase our presence in the United States. The division maintains sales in the sales of service contracts and repair service to industrial clients, in addition to engineered products and modernization programs.

We need results-oriented professionals who are looking for long term careers. This is an entry-level position which will require extensive hands-on training. Most candidates will be three to five years out of college where there is room for initiative and growth. A degree in science or related background is important in addition to high aspirations. Excellent company benefits. Salary & strong team orientation is required.
