At Providence Hospital, we've recognized women long before they won the vote. Since 1844 when Providence opened its first hospital and began caring for single and widowed mothers and their infants, we've been listening to what women need and want from healthcare professionals.

And we've learned a lot. We've learned that women want not only the best medical staff and equipment in a hospital,

In fact, our obstetrical program is one of the largest in Michigan with nearly 4,500 babies born there each year.

Providence is popular among expectant mothers for many reasons, one of which is our extensive range of birthing options including comfortable LDR (labor, delivery, recovery) rooms and a freestanding family birthing center.

At Providence, we are proud of our

birth to menopause and beyond. And Providence physicians are dedicated to providing that care. They specialize not only in obstetrics, but also in gynecology, family medicine, internal medicine and general surgery. Other Providence specialists offer advanced care in infertility, menopause, osteoporosis, nutrition, urogynecology and gynecological oncology.

through post menopause years. Empowering women. Providence Hospital invites you to take control of your life. We believe women should participate in decisions concerning their health and wellness. Our staff is dedicated to helping you do this by taking the time to listen to and understand your needs. And we're committed to providing the information you need to make vital decisions for yourself and your loved ones.

## Women have had a voice for only 73 years. We've been listening for 150.

but also quality care. Women want to be listened to and respected by medical professionals who are kind, skilled and experienced.

Many women take their health for granted. Our experience has shown that women are so busy taking care of others, they sometimes neglect themselves. Pregnancy is often the first time an adult woman chooses a doctor and a hospital. And for many, the choice is Providence.

ability to provide an outstanding level of care for all the families we serve. Our specialists in maternal-fetal medicine assist high-risk mothers through pregnancy, labor and delivery. Our neonatologists care for ill or premature newborns combining love with the wonders of medical technology.

More than just babies. At Providence, we believe women deserve quality health care through all of life's stages - from

Programs to keep you healthy. Preventive medicine and health education are integral parts of Women's Services at Providence. Our Breast Health and Education centers offer mammography combined with information and education on performing monthly breast self-examinations. We also offer many health education programs and classes - from stress reduction to parenting skills. Our classes address women's health issues from adolescence

Our physician referral service can help you begin by finding the right doctor. One with whom you can feel comfortable and forge a health partnership for life.

If you would like more information on Women's Services at Providence or assistance in selecting a physician, please call 1-800-968-5593.
