

**Property tax free**

Winner: Ted Simon (left) of Bloomfield Hills, learned firsthand how municipal bond investing combines public benefit and private interest when he received a check for the full amount of his 1992 federal income tax — up to \$25,000 — from Robert Kuppenheimer, (center) national sales representative for John Nuveen & Co. Inc., a national investment banking firm that specializes in tax-free investments for individuals, and Joseph Gadon, (right) his financial adviser. Simon, a vice president, real estate at Borman Inc. in Detroit was chosen in a random drawing from investors across the country who had discussed Nuveen tax-free investments with their financial adviser earlier this spring.

Four distinguished physicians were recognized by their peers at the annual Wayne State University Medical Alumni Reunion and Clinic Day. Recipients of the Distinguished Alumni Award were Bernard W. Agranoff of Ann Arbor, and Raymond R. Margherio of Orchard Lake.

Lawrence M. Weiner Award recipients were Samuel C. Brooks, Jr. of Orchard Lake and Jacob Chaso of Bloomfield Hills.

The Distinguished Alumni Award is presented annually to alumni who have distinguished

themselves either in medicine, through community service or to the School of Medicine.

The Lawrence M. Weiner award recognizes the unique and vital contributions made to the School of Medicine's growth and reputation by a non-alumnus.

Linda Y. Richards has joined Sinai Hospital as assistant vice president of Ambulatory Services. Richards, of Troy, will have administrative responsibility for Sinai's ambulatory physicians office practices at such sites as the Berry Health Center, Farmington Hill; Oakland Internists, Southfield and the Hechtman Health Center in Bingham Farms. In addition, she will be responsible for physician recruitment and development.

**Weight Loss Shocks Scientists**

Seattle — A nutrition organization was hopeful that a nutritionally complete food tablet would eliminate world hunger, until the study revealed that one of the ingredients could cause weight loss without dieting.

Scientists in Europe found that an ingredient in the product named Food Complex 3 actually caused people to lose weight, even though they weren't changing their eating patterns. According to a study published in the British Journal of Nutrition, scientists had speculated that the weight loss was due to a reduction in the intestinal absorption of fat grams.

The development of Food Complex 3, a project of First Lite Int'l, Inc., could not be used to fulfill its intended goal but it has been a great success for overweight people. A Miami Beach, Florida, man struggling with a weight problem for 15 years used Food Complex 3 on the recommendation of his doctor and lost 43 lbs. He said, "My cholesterol dropped 98 points and I lost 43 lbs. Now I have to buy all new clothes." In another report from Mesa, Arizona, a pharmacist lost 16 lbs. in 14 days with Food Complex 3 and never felt hungry.

Food Complex 3 is available through physicians and pharmacists without a prescription. Food Complex 3 is not a drug and

only contains natural ingredients known to be safe by the FDA. Copies of the references are available from First Lite Int'l, Inc. 3370 N. Hayden Rd., 123-157, Scottsdale, AZ 85283. Please allow \$3 for shipping and for each request.
