## Take The Next Step At Wayne State University...

If you are ready to take that next step toward earning your four-year degree, we are ready for you.

Last year approximately 5,000 students transferred to WSU from some 500 community colleges and four-year schools across the country. They are taking classes at our main campus in the University Cultural Center in Detroit or on one of our satellite campuses while others go to our University Center at Macomb Community College.

Some of the reasons students come to Wayne State:

- Strength of our academic programs — international reputation
- Cost — the only Michigan public university with a negative increase in tuition costs over the past decade based on inflation
- Financial aid — During 1991-92 WSU awarded \$50 million in aid to students

So go ahead and take the next step. Simply clip and mail the attached coupon and we will send you more information about transferring to Wayne State.
