An Important Message for MetroVision Customers....

The Federal Communications Commission requires that all cable rates be changed effective September 1, 1993, in accordance with the new Cable Act. The legislation requires changes in cable rates, services and equipment. The rules require that we price our cable service on a per channel basis and price our equipment on actual costs.

The FCC has "frozen" cable company revenues until November 15, but has encouraged repackaging and re-pricing of our services to comply with the new rate guidelines. Even though some customers' rates may go up, others will go down. The FCC has stated that MetroVision or any other cable company cannot realize an increase in revenues from these rate adjustments.

We hope you have appreciated our efforts to keep our rates low, and we are disappointed that some subscribers are experiencing rate increases as a result of the FCC's new pricing guidelines.
