PRODUCTION MACHINE OPERATORS

At Johnson Controls, innovation comes from listening to new ideas and continuous improvement. Our Plastic Container Division is a leading U.S. supplier of high quality soft drink & fruit juice container packaging for a wide variety of markets. We start light into concept and design through prototype phases, mold design, manufacturing and delivery. At every stage, the flexibility to accept new ideas is kept up at the forefront of the industry.

We are now accepting applications for the following Machine Operators:

Qualified individuals must be capable of exercising judgement and making minor mechanical adjustments of machinery used in production.

Above average wages, a comprehensive benefits program and commitment to employee involvement add to the advantages of being a part of a company with world-wide facilities.

Please forward your resume or submit application to:
