DIRECTIONS:

On the west side of Northwestern Hwy. between Middlebelt & 14 Mile Rd. Look for D&D Bicycles out front of plaza.

Prostate Cancer Screening

Prostate cancer can be successfully treated when detected in the early stages.

The facts about prostate cancer:

- It is the second most common cause of cancer death among American men.
- An estimated 165,000 men will be diagnosed with prostate cancer in 1993.
- About one man in four, or 35,000 men, diagnosed with prostate cancer will die from the disease this year.
- Many of these deaths could have been avoided if the cancer had been detected at an early stage when available treatment stands the greatest chance for success.

Minimize your risk with a free prostate cancer screening

Providence and Sinai hospitals will participate in Prostate Cancer Awareness Week by providing free prostate screenings to men over 40 years of age. The screenings will include an examination and a prostate specific antigen (PSA) blood test. Prostate Cancer Awareness Week is sponsored by the American Cancer Society, the Prostate Education Council and the American Urological Association.

Providence screening information

Providence Hospital and Medical Centers will offer free prostate screenings on Wednesday, September 22, 1993 at Providence Medical Center-West Bloomfield, 7416 Haggerty Road at Fourteen Mile Road, West Bloomfield from 9:00 am-4:00 pm. Due to limited availability, please call 424-3183 to find out more about this program or to schedule an appointment at Providence's screening site.

Sinai screening information

Sinai hospital will offer free prostate screenings on Tuesday, September 21, 1993 at The Sinai Family Medical Center, Parkwoods Plaza, 13361 West Ten Mile Road at Coolidge Road, Oak Park from 9:00 am -4:00 pm. Due to limited availability, please call 547-0700 to find out more about this program or to schedule an appointment at Sinai's screening site.
