YET the swift circling hours
Found the joy between the tears,
Wrought the wonder of earth's years,
Wielded the will of heavenly powers.
Warning Death and Hell in vain
Trusted many bolt and bar,
Saw the Son of Man arise
Dugged them captive in His train.

SING, O Earth, thy song of joy!
Nature, den thy robe of flower!
Easter smile from all thy bowers!
Life's return to full employ.
No more in thy sacred story
Can the God-Man's triumph dim,
When the deathless angels hymn
Merrily lead us King of Glory!

Elementary Grades

Our room is a Gold Star room
because we have worked hard to
meet certain standards set up by
the County School Commissioners.

We enjoyed a moving picture
of New York City when Miss Jam-
eson visited us last week.

We have been very busy with
health posters the past week.

We have a sure sign of spring.
The boys haven't wasted a minute
getting out to practice baseball.

We are very happy to have
Catherine Lorion and Kenneth
Owen with us again after a long
absence.

Our boys and girls have prac-
ticed up on their First Aid devic-
es since the School Board pur-
chased a lovely First Aid cab-
inet.

Primary Room

We are very proud of the bright
new star which shines on our
Gold Star card. This star means
that we have earned nine of our
twelve gold stars.

The boys and girls are being
made very happy these days by
Miss Dorothy Stier, a student
teacher from Detroit Teachers'
College, who is here helping teach
for the next two weeks.

Miss Rheld, the nurse came
Tuesday to put on our gold star
for Health and Hygiene.

"Better Business Day" Prophecy One Year From Today

many important events and developments vital to this com-
munity will have taken place. We predict the following:
Herbert Hoover will be president of the United States.
The population of Greater Detroit will have increased
more than 100,000.

The widening of Grand River Avenue to the Lumber Yard
will be a fact and preparations for the final work of paving
will be under way.

The Farmington Drain will be completed.
More than fifty new homes will be here.
A program to pave more than one mile of our residence
streets on the 10-year aymnet plan will be under way.

Real estate will be much more active and the market value
of nearly one-half of our land will have increased at least 25%.

We advise our clients to buy when the market is quiet and
sell when the market is brisk.
Right now we have several exceptional investment oppor-
tunities. Don't let Detroiters get all the cream.

Sincerely,
F. DeVERE FLEMING.
