Chocolate that appears white on the outside has been kept in noverwarm place, so that some if the fat has melted and come to he surface. It is not injured in my way for use.

the surface. It is not injured in any way for use.

There is no reason why fresh or properly preserved fish should not be eaten at the same meal as milk. Fish and milk are often cooked together in the form of milk chowders or creamed dishes.

Work the butter for samlwiches to a cream, but do not melt it. Cut the bread into thin even slices. If you are going to trim off the crusts, do not butter to near them. Bread for 'sandwiches is best when about 24 hours old.

Always iron with the thread of the coults, and iron until the garment is day. Otherwise it will mucke, or seams, can be removed by moistening a piece of cheese-cloth with classification.

if dry, and wiping it quicky over the shiny surface.

Dandelion greens can be gathered very early in the season, when they are young, tender, and least bitter. Owing, to this bitterness of flavor, it is a good plan to combine the dandelion greens with other vegetables or flavors which, modify it. The plan of cooking these greens in several waters is not recommended because much of the valuable mineral matter is thrown away with the season of the greens are overcooked. The season of the way without water are less bitter than those that have been boiled.

Don't forget the salt in the

those that have been bolled.

Don't forget the sail in the breakfast cereal. Very often a lasting disalike for cereals is due to lack of proper salting. I at tenspoonful to a quart of water is the usual amount needed.

When you want to make a ment loaf, have the butcher cut off a fresh piece of meat and grind it while you look on, or take the meat home and grind it yourself. Use the ground meat the day it was bought if possible.

Early spring is the time to get

was bought if possible.
Early spring is the time to get ahead with hot weather clothing. Stores are full of attractive cotton fabries. Invest in a few dress lengths and make them up at odd moments so you will be prepared when the first warm days arrive. Jam or jelly tarts, made of left-over pie dough and left-over preserves, will solve the question what to have for dessert, with very little trouble. Pie trimmings can also be cut into cookie shapes brushed with egg-yolk, sugar and cinnamon, and used for cookies.

Tomato juice from canned to

cinnamon, and used for cookies. Tomato juice from canned tomatoes may be substituted for orange juice when the latter cannot be obtained. Children may be taught to drink it exactly like orange juice. For a betweenmeal lunch in winter-time, tomato juice may be heated, seasoned with a little butter, salt and bayleaf, and served as a warm drink with a cracker.

EGGS BY PARCEL POST

Eggs can be marketed by parcel post within the first and second zones (sometimes within the first and second zones) (sometimes within the first and second zones) (sometimes within the first and second zones) (sometimes with profits and also to the consumer, who can obtain fresher eggs and often at lower prices. Parcel post shipment is useful for the poultryman with a flock too small to allow making shipments by the case. To market eggs successfully by parcel post, select only first-class eggs produced under sanitary conditions. A strong, light container should
