Life is a struggle, but not a warfare; it is a day's labor, but labor on God's earth, under the sun and stars with other laborers, where we may think and sing and rejoice as we work.—John Burroughs.

MORE ORDINARY FOODS:

On a cool morning this will make a most acceptable breakfast dish:

Meat Sauce.—Put one pound of lean fresh pork in salted water until very tender. When cool cut the meat very fine, strain the broth, cool and remove the fat. Reheat the broth—one quart of it—in a double boiler; when boiling stir in three-quarters of a cupful of corn meal, cook over the heat for a few minutes, then over water for an hour, stirring occasionally. Now add the meat, two teaspoonfuls of salt, one-quarter of a teaspoonful of pepper, celery salt and sage. Cook in covered baking powder cans. Slice, dip in seasoned flour and fry brown in a hot frying pan. Nice with cabbage salad or apple sauce for lunch.

Meat Pie.—To one cupful of soft bread crumbs add one-half of milk and one tablespoonful of butter. Let stand in a double boiler one hour over heat, stirring occasionally, then add three-fourths of a cupful of finely cut cheese; beat until melted and smooth, add one-half teaspoonful of salt, a dash of cayenne, two table-spoonfuls of minced sweet corn and one tablespoonful of ground onion and three well-beaten eggs. Turn into a buttered baking dish, set in a pan of water and bake until browned and set. Serve hot as a main dish with tomato sauce.

Raised Doughnuts.—Scald one pint of milk, add one cupful of sugar and half cupful of butter and when slightly cool, one beaten egg, one and a half spoon and nutmeg—each one-fourth teaspoonful each. When the mixture is lukewarm add one-half of yeast; enough softened in lukewarm water and knead to make a dough stiff enough to knead about six cupfuls. Mix this at night. In the morning cut down the dough and roll out as much of the dough as will be needed for the week. Let stand in a warm place for the rest of the day and roll and fry when needed. This will keep two or three days.

Tots Write Short-hand

Although neither can read or write longhand, two children aged five and six, attending a school in Germany, are expert shorthand writers. The elder was taught shorthand before receiving instruction in longhand. In twelve hours he had learned the symbols of the German national system, and in another seven hours took down dictation. "The other child can write shorthand faster and more accurately than most children with four years schooling can write longhand."

Sad Fate
"Hasn't Bill returned from that African cruise yet?"
"No; he got so sunburned they wouldn't let him come back."

BERT PORRITT

REPUBLICAN CANDIDATE for COUNTY ROAD COMMISSIONER

Was born and has always lived in Oakland County. He has conducted himself to be a man of sound business judgment in the conducting of public office as well as in private business. He especially invites inspection of his record by the voters of Oakland County, and asks them to cast the vote according to their honest opinion. He is thoroughly familiar with the Highway situation in this County, and states he is seeking the office not because of the faults of his opponents, if any they have, but rather upon his own merits. Your support will be greatly appreciated.

A PIONEER OF GOOD ROADS

JOHN A. ADAMS

REPUBLICAN CANDIDATE FOR

County Road Commissioner

In again placing my name before the people of Oakland County as Republican candidate for the nomination of County Road Commissioner I wish to take this opportunity of making known the platform on which I base my candidacy.

Having served as County Road Commissioner in Oakland County for 11 years and being a resident of this County for 30 years I believe that I am fully conversant with the road building problems that confront the County today.

I believe when proceeding to construct a Highway under the present plan, which the residents alone bear the cost, the greatest care should be taken to explain not only the method of assessment, but the proportion assessed to the township County as a target; and assessment district directly to the amount placed upon the individual and that a clear understanding of the type of road to be constructed shall prevail before proceeding.

I believe in the construction of permanent concrete highways wherever necessary.

I believe in safe roads—roads that are wide enough to insure safe and rapid travel.

I believe in planning for the future as well as present needs.

I believe that every taxpayer should receive honest value for every dollar invested in Oakland County roads and I consider the office of County Road Commissioner as one of the highest trusts bestowed by the people on its nominee.

I believe in the best of my ability work for a system of modern concrete highways.

TO THE VOTERS OF OAKLAND COUNTY:

In this, my last message to you before the Primary on September 4th, I wish to again call your attention to my candidacy for the office of Circuit Court Commissioner.

There are 75,000 people in Southern Oakland County, who are served by an office located in Royal Oak.

There are two candidates from Pontiac, and myself from Royal Oak. I respectfully solicit your support, and will appreciate one of your votes, feeling sure that when you have called to your attention the fact that at least one-half of the Circuit Court Commissioner business arises in and about the City of Royal Oak, you will decide that good sportsmanship entitles the Southern end of the County to one of these offices.

I will appreciate one of your votes at the Republican Primary on September 4th.

Respectfully,
HARRY J. MERRITT.
