LETTERS TO THE EDITOR

To the Editor:
History, tells us that as the Citizens COME, felled, NERO burnt the CITY, out from under them.

A few decades hence, as explorers, pushing there way, through the tangle of the forest growth of the Haven of Refuge of WILD-LIFE, stumbling over the RUI'N's of FARMINGTON-CITY. They will say, This is the CITY, where the foreign-born, OVER-LORDS, added with a FIRE-ENGINE to make an artificial RAINBOW, as the S. O. S. (Service Of Supply's sounded) AS the R. R. CAR service QUIT.
With in these crumbling Walls, the "TEA-POT-DOBE-Club, held there weekly, Sumptuous-BANQUETS," the flow of the "SOLE" was such, that the People, turned from following the Precepts of the fornicers of HERBERT HOOVER, (the simple life of, Thrift, Economy and Frugality); to the Wide TOBBOGGAN-Street or Sidewalks of TAMMONY-Hall, "I. E. Vreminius, expenders OF OTHER-PEOPLES' MONEY."
St JOHN the Baptist, Cried in the wilderness" as I understand it he had for hearers, at least "scapegoats" I only hope for "Shornlamers" and no blatters.
Yours Truly Frank L. Lee
Farmington, Sept. 10, 1928.
—Frank L. Lee.

(Editor's Note—Mr. Lee later submitted the following note).
I apologize to Carl Hogle. He is a native son, also the son of a native son.
And he skirmished round and brought the "great idiom" that the Service of Supplies is not to be cutoff.

Telephone service is now available between the Republics of Cuba and Mexico. The connection between the two countries, however, is largely by way of the United States.

Criticize yourself today and others tomorrow.
