SIXTH DISTRICT SCHOOL NOTES

Noble Beats Southfield
The Noble school athletic club's football team defeated Southfield District No. 10, 18 to 0. Harold Credit made two touchdowns for the Noble team and Kenneth Graham made one. Chester Mitchell's work at center was a big factor in shutting out the Southfield team.

The Noble team boys challenged the Southfield team to a return game to be played on the Southfield school home grounds. Challenge was accepted and date for game to be announced later. Carl Drake of the Farmington High School was referee.

The sand table in Miss Graham's room of the William Grace school bears the proud caption, "William Grace School Fair." To date the Fair Grounds feature a farm crops display including a "real farmer," and a farm stock barn, showing horses, cows and pigs. The midway has a tree show, a hot dog stand, a balloon man, etc.

Second and Third Grades

Mrs. Roy Plumton
Our room has a daily newspaper which we keep on our bulletin board. We print sentences such as the following:

- This is (month) (day), 1928.
It is a \_\_\_\_\_ day.
There are \_\_\_\_\_ girls present today.
There are \_\_\_\_\_ boys present today.
There are \_\_\_\_\_ children present.
\_\_\_\_\_ girls absent today.
\_\_\_\_\_ boys absent today.
\_\_\_\_\_ children have clean hands.
\_\_\_\_\_ children brushed their teeth this morning.
In third grade arithmetic we are running a race up to date. George Bramer and Frederick Forkel have not missed a problem an original story called "Jack and the Pumpkin."

New All-American Six Introduced This Week

Completely new and original in appearance, with a host of advanced engineering features, the latest All-American Six went on display here this week at the showrooms of Oakland-Pontiac Sales, local Oakland and Pontiac dealer.
Smarter, roomier than a year ago, with bodies of distinctive design, and a chassis said to be the last word in mechanical refinement, the latest All-American resembles to its famous predecessor the first All-American Six brought out by the Oakland Motor Car Company a year ago.
Briefly, the new line offers a bigger, faster, more powerful engine; new Oakland type internal expanding 4-wheel brakes; masterful body creations by Fisher; new Duo color combinations; higher, larger cross-flow radiator with grill front; adjustable driver's seat; chrome plated lamps of new design; sturdy ten-spoke wheels; Lovejoy shock absorbers and spring covers as standard equipment; new steering gear; sturdier frame, and a host of other improvements that are destined to make the car a distinguished addition to the aristocratic motor car family of America.

Seven passenger types comprise the line: sport roadster, sport phaeton, coupe, 2-door sedan, 4-door sedan, and a new landaulet sedan and convertible cabriolet.
The driver's seat on all closed bodies is quickly adjustable, forward or backward, by an easily operated control located at the side of the seat. A foot control conveniently opens or closes the smart side window ventilators.
Special sport equipment consisting of six wire wheels is available for all models. Spares are carried in front fender wells and are provided with tire locks and chrome plated hub caps bearing the Oakland emblem in colors.

Which?

Nor so many years ago the jingling, jogging horse car, rumbling along as far as the city limits, was a great convenience. Today we step into our 60-miles-an-hour motor cars for trips of a mile—or a thousand.
RADICAL changes have come, too, in the handling of money. In horse car days folks carried most of their money with them, or hid it in supposedly secret places. The modern way is to put money in an account with a financial institution such as this—for safe-keeping, for convenience, for profit, for credit and money-independence building.
WHICH method are you using—"horse car" or "motor car"?

A Chaos of Cords
HOME comfort is woefully inadequate if one finds it necessary to unscrew lamp bulbs in order to attach an electric lamp or appliance. That ingenious little device (inexpensive tool) known as a convenience outlet, permits you to "plug in" anywhere—no stumbling, over-awkward and unsightly extension cords, strung across room; no high reaching for lamp sockets.
You would do well to consult an electrical contractor about this matter. Or, if you prefer, let us advise you.
