## From first news to first coos, Beaumont delivers on care

Beaumont, Royal Oak offers the comfort of complete obstetrical, epidural, neonatal and pediatric services with the convenience of choosing your own birth experience. You can choose from a traditional labor room, a birthing room or a Labor, Delivery and Recovery (LDR) room. And, you'll get to know your new baby in the home-like environment of a private postpartum room. Beaumont's new postpartum rooms have a full-size bath, hardwood floors, a refrigerator and a rocker-recliner for Dad.

For new mom Deborah Reinheimer, the nurturing care of Beaumont's Obstetrics staff and the comfort of Beaumont's mom-friendly Obstetrics Unit helped make her delivery the special experience she had hoped for.

**"It was my first baby, so I was kind of nervous. But the staff at Beaumont was great. They made sure I was comfortable and made me feel like the only patient there. My nurse was like my own personal coach. She was there through my entire labor and delivery — all 10 hours."**

**"And, my room was great. You know you're still in the hospital, but it feels much more like home. I'm glad I chose Beaumont. I don't think I would have been comfortable anywhere else. If anything had gone wrong, I knew both the baby and I would be well taken care of."**
