Kids walk up to fitness

Grandview Elementary School has initiated a new walking program during recess three times a week.

A one-quarter mile path has been setup around the basketball fields on the back playground and students are encouraged to walk during recess on Mondays, Wednesdays and Fridays.

Students may walk on Tuesdays and Thursdays if they wish and teachers may take students on walks during their grade level recess time as well.

Grandview is in the Clarenceville School District, which includes northeast Livonia, northwest Redford, and southeast Farmington Hills.

Each student has a card to keep and as a quarter mile is completed a hole is punched on the card. When the card is completed, the person has completed five miles and receives a too tag to put on his/her shoe as well as the opportunity to win a prize in a monthly drawing former all completed cards.

The school is hoping to help students become more physically fit and to develop the life-long good health habit of walking. They hope to walk enough miles to go all the way across the U.S. So far they have collectively walked 384 1/2 miles.

Parents are welcome to join the students walking on any Monday, Wednesday or Friday.
