### Lauralee Bell shapes up her life

## BY CANDACE HAVENS

Lauralce Bell is riding high on life, and most of her cuphoria is due to the birth of her nephew in December. Bell, who plays Chris on "The Young and the Restless," is excited because she was able to witness the baby's

binh. "People talk about having babies and how wonderful it is," Bell says, "but you really don't understand unless you have been there." Bell says she went more to support her brother, Brad, than help Colleen, her sister-in-law. than help Colleen, her sister-in-law, "Colleen is such a strong person, and she really had it together, but we weren't sure whether Brad would pass out on the floor or what," Bell says. "He was actually pretty terrific, but I'm happy they made me a part of it." Bell said while she thinks about

Bell said while she thinks about babies and the whole marriage thing, she wants to wait awhile. "My brother Bill just got married, and Brad and Colleen had the baby. I think the family needs time to adjust before I think about getting married," Bell says.

After watching her co-star Michael Damian (Danny, "Y&R") get in such terrific shape for his role on Broadway in "Joseph and the Amazing Technicolor Dreamcoat," Bell decided to do something about her own physique. "It was time to get serious," Belsays. "It's so hard sometimes to make myself get up and do it, and that is

myself get up and do it, and that is when it really heips to have a personal trainer. You can't just decide not to work out today, because there is some-

work out today, occase there is some-one waiting on you.

"I also enjoy the energy working out gives me," Bell says, "Between work and other commitments I haven't had a lot of time for sleep lately, but I'm not feeling it as bad as I used too.

because I am in better shape,"

Bell is happy about Damian's success on Broadway, but she also misses him, both as a friend and a co-star. "We are really good friends and we don't get to talk as much as we used to. He really has a whole different life in New York and most of it is centered around the show, Of course I haven't minded working with Doug Davidson (Paul); he is the greatest."
