"They pay you interest on checking, whereas other banks would charge you."

— Dan Schuster
Deborah Hawkins, MD, DDS

WHEN YOU SHOW FOR FINANCIAL SERVICES:

When you show for financial services — like the fact that you start to notice some things — like the fact that some financial institutions pay you interest on checking and others actually charge a fee. That's one of the reasons Dan Schuster is a member of Dearborn Federal Credit Union since 1973.

Members like Dan say they also appreciate our low minimum balance and overdraft protection features. They like the convenience of HomeBank, a 24-hour telephone banking and a nationwide network of ATMs. They like direct deposit, payroll deduction, no annual fee Visa and MasterCard and our low rates on loans. And most of all, members say they like our personal attention to quality service.

"I feel more comfortable with the credit union," says Dan. "I don't see any reason why I would ever change — no matter where I live."

Whether you want a checking account that earns interest, great loan rates, or service that is right for you, make Dearborn Federal Credit Union your number one choice.

For information on membership eligibility, please call (313) 322-8352 or (800) 418-2770.

ST. MARY HOSPITAL

For many women control during childbirth is very important. Of course, some things are out of your control, but many of the options surrounding childbirth don't have to be. At St. Mary Hospital we encourage you to make

IS CONTROL IMPORTANT TO YOU?

choices. To ask questions. To learn. To be in control. **More real choices**

To control your position during labor. You're in charge of the electronic controls on our state-of-the-art birthing beds. So you can select the position that's most comfortable for you. Or, you can sit in your rocker and admire the view from your birthing room window.

To control when family and friends are with you. During and after the birth. On your schedule, not ours.

To control when your baby is with you. Twenty-four hours a day is fine. Less often if you wish. We bring services to you, so your baby only goes to the nursery when you decide.

To control what you need to learn. Our nurses can teach you everything from giving your baby a bath to understanding your baby's special ways of communicating. We'll ask what's tops on your list.

It's your baby
At St. Mary Hospital, we understand that it's your baby. So if control is important to you, give us a call. We're here to help you.
