**LACTOSE DEFICIENCY**  
Lactose intolerance is a common digestive problem. It has been estimated that 30 million Americans are lactose intolerant. 50 or 60% of these people will experience abdominal bloating, flatulence 2-6 hours after ingesting 1 or 2 glasses of milk, or a large amount of ice cream especially on an empty stomach.

Lactose intolerance occurs as a result of lactose deficiency in the intestine. Symptoms of distention, bloating, abdominal pain, flatulence, or even diarrhea occur frequently but the severity of these symptoms varies widely between people who have this condition. Reducing the exposure to milk or milk products will help to alleviate the symptoms. Lactase enzyme supplements are also available in capsules and tablets form. Which will also help to digest the lactose containing product or products and help to avoid symptoms of lactose intolerance.

# Audiences can channel excitement

LARK SAMOUELIAN

Have you considered including an audience for your television show? Sharing the experience of television is as rewarding as seeing the program on the television channel.

To prepare for an audience, be sure to include preparing your guest as well as crew members for an audience with every action you take.

Encourage the audience to arrive 15 minutes before the shoot is to begin, whether it is being taped or is going live.

Having the wonderful energy of an audience may almost be considered as a "thank you" to your guest(s) or talent.

We all appreciate response to our endeavors, especially when the excitement of being on a tele-

**■ Having the wonderful energy of an audience may almost be considered as a "thank you" to your guest(s) or talent.**

vision show just fills you with adrenaline, quickens your senses and brings you alive with vitality.

The whole process will motivate someone else to become involved. This will enhance their lives and their purpose. You, therefore will have given a special service to your community. At the same time your program will be great with very real and natural human interaction. The Southwestern Oakland Cable Commission does share grants which will pay for advertising of your show.

When you have a baby it should be a wonderfully close time for you and your family. That's why the *Miracle of Life Maternity Center* at St. Mary Hospital has you at the center of its visiting policy.

## WHY A LOT OF BABIES SEEM LIKE DISTANT RELATIVES

Instead of asking you to conform to limited visiting times or placing barriers between family members, at St. Mary you decide who can visit and when.

### All private rooms

We believe you know best when you want visitors and when you need time alone with your baby. That's why all the maternity rooms at St. Mary are private. So a family member can even stay overnight if that's what you want.

### Real family care

Your baby can stay in your room even when family members are visiting. We accept your definition of family. Grandparents. Children. Aunts and uncles.

Your best friend. If you call them family, so do we. It's that simple.

Our physicians even examine babies at your bedside so you and your family can watch and ask

questions. So if you want real family-centered care, call St. Mary Hospital. Call 313-591-2882 for a free brochure, personal tour, or a physician referral.

**St. Mary Hospital**  
36475 Five Mile Road  
Livonia, Michigan 48154  
313-591-2882

St. Mary Hospital is affiliated with William Beaumont Hospital

## Your call could make history.

Right now, if you call us, you'll be helping us find parts of our history we're missing. It's all part of our 75th Anniversary celebration. Give us a ring. It could be a historic moment for all of us.

**The Easter Seal Story Search**  
1-800-STORIES (Voice or TDD)

**OUR FAMILY**  
Last year, The Salvation Army provided 2,748,064 days of care to children and adults. This year, the need is even greater.
