

# Resident attends course

Madonna University nursing instructor Marilyn Harton, a Farmington Hills resident, was one of 44 nurse educators from 35 states to participate in a three-day course titled "A Cancer Pain Management Course for Nurse Educators" at the City of Hope National Medical Center in Duarte, Calif.

Sponsored by the National Cancer Institute, the program's goal was to improve the undergraduate nursing faculty's knowledge of pain management and help them integrate that knowledge into the school's curricula. Taught by researchers, speakers and authors, topics included pharmacologic and non-pharmacologic interventions, ethics and spirituality.

# It's hats on to annual mom's day luncheon

Some breezy weather didn't dampen the spirits of Botsford Continuing Health Center's annual Mother's Day event May 14.

While the long-term care facility's "Mother's Day Garden Luncheon" was brought indoors, residents and family members still wore their tradi-

tional hats and gloves.

"It's probably our most popular social event of the year," said Sally Jacobs, program coordinator. "Everyone looks forward to it."

Nearly 130 mothers and daughters enjoyed a lunch and a fashion show courtesy of Myra & Claire's Fashions on

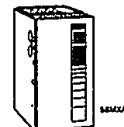

the Go, a boutique specializing in fashions for seniors, Jacobs said.

"It's a very special day," said Kathy Mather, daughter of resident Elsie Moser. "I'm spending time with my mother and remembering all the good times we have had in the past as a family."

# INTRODUCING The New Life Center at Providence Park

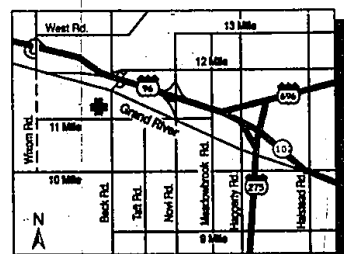

**A COMFORTABLE ATMOSPHERE**  
Imagine giving birth in a comfortable, home-like atmosphere where you make many of the decisions about your birth experience. And then, think about being able to go home within 24 hours after your baby is born. Well, the New Life Center at Providence Park in Novi offers all that, and it's just minutes from home.

**A UNIQUE APPROACH**  
It's a new beginning. A new way of thinking. And an alternative to traditional hospital births\*. The New Life Center at Providence Park was born from the success of the New Life Center at Providence Hospital, where for generations, thousands of women have had wonderful, nurturing, family-centered birth experiences.

**THE CHOICES ARE MANY**  
From the moment you choose to have your baby with us, many decisions are yours. You may choose to go natural or to have an epidural. You may also prefer to share the event with your loved ones. But the best part is giving birth in a relaxed, home-like atmosphere and having your baby by your side. What's more, a nurse will come to your home for private, follow-up visits. Because that's the kind of extra care, attention and education people expect from Providence.

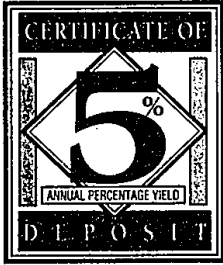

**COME SEE FOR YOURSELF.** But don't take our word for it. Call 1-800-806-BABY for an appointment to see what the New Life Center at Providence Park has to offer expectant families.
