## It Requires Two To Achieve A Successful Marriage

There is more to a happy marriage than just the picture of a beautiful bride on the society page.

It's true that no two people will ever agree on everything, and this includes a married couple. However, there is a recipe for a happy marriage; and it contains two main ingredients: good manners and compromise.

The good manners part means showing just as much politeness and cheerfulness as you did before the wedding, and the compromise means a willingness to examine both sides of an issue.

If further help is needed, the best place to get it is at the House of Worship, from the clergyman who performed the ceremony. This is one of his God-given powers, and the couple might as well take advantage of it. When a marriage works, nothing on earth can take its place. —John G. Douglas

Live joyfully... all the days of thy life. — Ecclesiastes 9:7
