Steward Hofman testified that every act on his part was under the authority of the board of treatees, and everything he did was approved by the board. The committee says this was admitted by members of the board sworn, except that Member Belking, "did not wish to be understood as authorizing acts which were unlawful."

"The testimony clearly discloses that the accounts have not before kept in accordance with the letter of the law. The system steed to the law. The system and of ingeling funds would nadequate if present conditions are permitted to continue."

Should Not Use Name "State Fair."
Senator Frank D. Scott of Alpena, who beaded the joint legislative committee which "investigated" the "affairs of the State Fair association, finally submitted a report, stating that the committee did not have sufficient time in which to do anything, and asking to be continued.

When the report reached the house, Representative Verdier salled attention to the factorial manner of the state of the state. It was high time to call a half, for the raison, at least, that the legislature had no authority over a private corporation. With the session so near an end, there was nothing to do but accept the report and order it filed.

Deaths, 3,784; Births, 5,194.
