sheet and press your picture onto the mount board.

Your mounted photograph should have an overmat either in white or, if you prefer, a complementary color. Many can be bought pre-cut to size or your local frame shop can cut them for you.

Pre-assembled frames in many sizes are available at all local discount stores or you can easily assemble a frame kit carried by all frame stores. Placing your matted and mounted in a frame is easy

and fun by just following the simple directions.

Imagine how much enjoyment you and your family will get out of your photographs when you tastefully hang them on the wall!
